

Education

Karabük University Computer Engineering	2022, PRESENT
Karabük University GPA 2.71 Associate Degree Computer Programming	Karabük Türkiye 2019-2021
High School Kıymet ve Mustafa Yazıcı Anadolu Lisesi	Karabük Türkiye 24/09/2018

Experience

Real Solutions Intern	Düzce, Türkiye 06/2023 – 07/2023
--	-------------------------------------

- Developed a simple order management system using .NET Core and Angular CLI.
- Implemented user authentication and role-based access control for different pages and functionalities.
- Designed and implemented database schema using MS SQL, ensuring data integrity and security.
- Utilized multi-layered architecture in the .NET Core backend for modularity and maintainability.
- Integrated Angular Dialog for managing color definitions in the product definition page.
- Created enums for body sizes and utilized them in the project for consistency.
- Implemented CRUD operations for user, role, customer, product, order, and warehouse entities.
- Validated order information on the warehouse report screen to prevent orders for out-of-stock products.
- Ensured data integrity by setting the IsDeleted column to true instead of deleting records from the database.
- Collaborated with team members to ensure adherence to development guidelines and best practices.

Genç Bilgisayar Computer Technician Intern and Technician Assistant	Karabük Türkiye 05/2022 – 09/2022
--	--------------------------------------

- Worked as both an intern and a Computer Technician at a repair shop.
- Provided technical support and guidance to users on computer usage and maintenance.
- Installed new hardware, software, security patches, and updates to enhance system functionality.
- Conducted user training sessions to educate on proper computer usage and care, reducing potential errors.
- Collaborated with team members to ensure efficient repair and maintenance operations.
